Mr. <i>Smith's</i> Grey H. <i>Midge</i> .	1	2	1

The Horses, &c. for this last Prize are (conformable to general Rule) figur'd agreeable to the Order in which they pass'd the Post, but the reason why *Spanker*, (who pass'd the Post first, in only one Heat of the three) is plac'd first, and why *Midge* (who pass'd the Post first in two Heats of the three) is plac'd last, is that the Plate was given to the former, upon the latter ones, being charg'd with violating the Articles, and the said latter one thereby adjudg'd a distanc'd Horse.

The

The said Articles relating to this last Prize, hath in them this very remarkable Clause, *viz.* That if any Rider shall lean or rest on any other Horse, &c. so as to force him or her out of the way, in such sort as in the judgment of the Subscribers) limited and appointed to determine disputes and differences (or the major Part of them, then present shall be deem'd and adjudg'd fowl play according to these Articles, in such case the Horse, &c. that such Person rides, is hereby declar'd to win nothing nor be allow'd any Place in the said Race.

Now the Rider of *Midge* (in the 3d Heat) was charg'd with transgressing against this Clause, without which as affirm'd by some he could not have come in first, tho' others say the contrary: However, the majority of the Subscribers present for that reason, adjudg'd him a distanc'd Horse, and in consequence thereof gave the Plate to *Spanker*, but 'tis warmly asserted, that Mr. *Smith* will Sue for the same, on supposition that he is capable of proving, that his Rider was not culpable either in point of the Clause above, or any other branch of the Articles

The 20th *ditto* was entrance Day for all these Prizes. The same are settl'd for two Years to come, in each of which 'tis suppos'd they'l be run for in *August*, any Person that pleases can come into the Subscription, for which there is this particular Encouragement, *viz.* that a Subscriber in the Sum of two Guineas, can enter every Day *Gratis*.

In running for this Prize the Accedents were numerous and very particular, *Miss Stephenson* (back'd before starting at two to one against the Field) was so unhappy the first Heat, when before with Pleasure, as to have all her Heels fly up at once, and to thro' off her Rider, but he either secur'd her, or she was taken forthwith by People who were near, so that the said Rider was immediately going to remount her, but just at that interim of time) it being in the Course) *Harmless* who was the hindmost comes on, run full against him, and beat him to the Ground with great violence, upon which the Mare was entirely disengag'd, run away to a Wall at some distance, and tho' she was soon there taken, and her Rider again notwithstanding his Bruises mounted a 2d time, yet 'twas too late, to save distance, and *Smiling Molly*, as appears by the Figures won this first Heat, as did *Miss Almabide* the second.

62 COUNTY DURHAM, 1729.

In running the 3d Heat, *Smiling Molly* when 2d fell to her Knees, and had like to have thrown her Rider, but *Harmless* coming by just at the time, his Rider clap'd out his Arm, to clear himself of the Mare and Rider, and by that restor'd the Rider of the said Mare to his Saddle and prevented his falling, but the other Mare by this time was near half a distance before, having in appearance, the Heat in her Hands with pleasure, but she took Offence at the Peoples shouting and waving their Hats, and run on the wrong side a Post, and tho' she immediately stop'd and turn'd back, yet it was too late, and the Grey Mare won the said Heat, and consequently the Plate.

On the same Course the 3 ditto, Sir *John Swinburn's* Grey H. beat Mr. *Carr's* White Mare *Milk-maid*, 10 ft. 4 miles 20 Guineas.

In the first of which Heats, the Horse came first, but was Charg'd with crossing contrary to Articles. In the 2d heat (it being 5 times round at a heat) when they had run 4 times round, some Body by mistake insinuated to the Riders that they had run the heat out, upon which both took up, and at which time the Horse was foremost, but an immediate Cry of their having run but 4 times round succeeding: Both seem'd inclin'd to go on again: But the Horse not being so ready as the Mare, she went on, but he did not: So both insisted on the heat, one for running the Ground thro' and the other for being first when they both took up.

The 3d Heat was won by the Mare, as 'tis thought the 2d heat had been if justly run, however 'tis suppos'd the Consequence of the whole will be a Suit at Law.

PROPOSALS

For PRINTING by

SUBSCRIPTION.

Once a Year for 7 Years successively.

AN Historical LIST of all Horse-Matches run, and of all Plates and Prizes run for in *England*, of the Value of ten Pounds and upwards, in each particular Year of the seven preceding the Publication of each Book.

Containing, the Name of the Owner of each Horse, Mare, or Gelding, that run as above, and Name and Colour of the Horses also.

With the Winner distinguish'd of every Match, Plate, Prize or Stakes; the Weight that's carry'd at every Place of Running, the Size that Galloways &c. are measur'd to, and the Places in which the losing Horses come in; to which will Annually be added a List of the principal Cock-Matches of the respective Year, and who were the Winners and Losers of them, &c.

The

This Work will be publish'd every Year about *Christmas*, for Seven Years successively beginning in 1727.

As the same appearing *Annually*, in the midst of Winter, will be an agreeable Amusement in that dull unactive Season, rendring Gentlemen capable, even in their Chambers, of diverting themselves with a Prospect, as it were, of the Sport of each past Year, so also must the Advantage be considerable in Point of Practice, each Book discovering what Horses are moving in all Partsof the Kingdom, and what Figure every particular one of'em has, made at the Places of his Running the Season before; what Alterations, different Weights, and different Courses, and different Seasons, of the Year has caus'd in any of them. From hence 'twill be always discoverable what old Horses are dropping, and how they decline and go off; what young Horses are every Year coming up; and by what Steps they advance and improve, &c. Which must render Gentlemen capable of reducing their Calculations nearer to perfection, and consequently of matching or betting with greater advantage.

The Conditions are, That Half a Crown be paid at Subscribing, and five Shillings Annually, in the said 7 Years, at the delivery of a Book, the last Year only excepted, in which only Half a Crown is to be paid, which with the Half-Crown receiv'd in hand, will make five Shillings for the last or seventh Book.

Notice will Annually be given in the Papers as soon the Work is Printed, and where, in *London*; ready to be deliver'd out;

By JOHN CHENY,
P N. B.

N. B. The fore-going Book is the Third of the Seven of which a Number is Printed, more than are subscrib'd for, with which any Gentleman, &c. may be furnish'd, if pleas'd to subscribe for the four succeeding ones also.

SUBSCRIPTIONS are taken by Mr. *Roger William's* at his Coffee-House in *St. James's-street*; by Mr. *Feales*, Bookseller, at *Rowe's-Head* in *St. Clement's-Church-Yard*, in the Strand, London; by the said *John Cheny* as he travels to take his Accounts, and at Inns, Coffee-Houses &c. in most of the Towns in England.
